## **NEW FILLING PORCELAIN**

### **Improved selection of colors**

The color variations found in human teeth are covered by New Filling Porcelain's color range. In rare instances where stock colors do not meet the need, modifying colors can be admixed.

### **Greater color stability**

Pigments used in New Filling Porcelain have been selected on the successful outcome of rigorous testing to prove their stability in use.

### **Higher compressive strength**

32,000 p.s.i. in 24 hours and 37,000 p.s.i. in 7 days! These figures show how New Filling Porcelain surpasses ADA specification requirements of 23,000 p.s.i. in 24 hours.

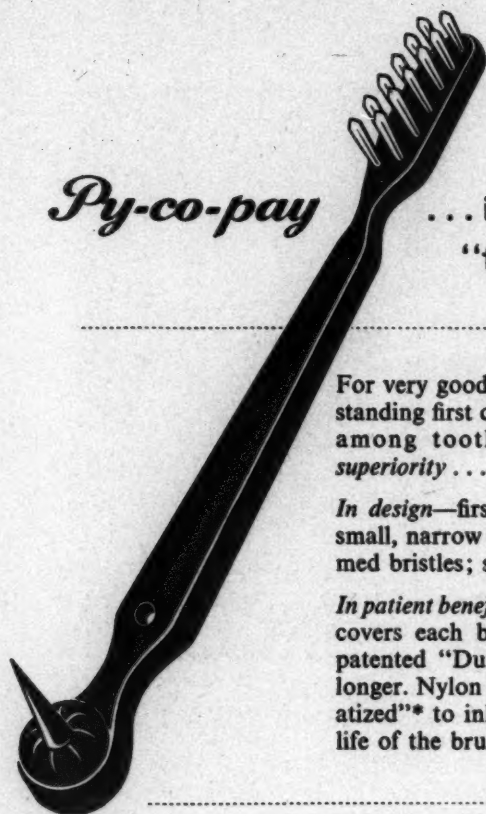

### **Controlled opacity**

With New Filling Porcelain you avoid the excessive grayness of low opacity or the chalky appearance resulting from high opacity.

Easy to mix, match and insert. For *superior* silicate fillings—for restorations indistinguishable even in ultra-violet light—use S.S. White New Filling Porcelain.

# JECTRON

*the pre-cured*

*polystyrene denture that*

*preserves impression accuracy*

## **GIVES YOU THE KEY TO LASTING RETENTION!**

The tissue-side of a Jectron denture is an accurate reproduction of your impression. That's why a Jectron denture hugs tissues and won't be dislodged . . . maintains bite relationships . . . keeps tissues healthy, and patients happy.

The precise fit of a Jectron denture is achieved through exclusive Trans-injection molding. The flask is closed and locked in the Trans-injection machine, after which the material is forced through an aperture to completely fill the mold in one ten-second, automatic operation. The material must follow the exact contours of the casts, cannot raise bites or move teeth.

But, molding accuracy is just the beginning of the Jectron list of advantages for you. Most important is the fact that Jectron retention lasts! Many doctors tell us that they have never had to rebase a Jectron denture, with some dentures in continuous mouth service for more than two years! Reason: Jectron is a specially compounded pre-cured polystyrene resin that guarantees stability of form. Jectron is not subject to curing shrinkage, warpage or water-swelling. The fit originated by your impression does not suffer progressive deterioration. Retention is preserved indefinitely.

Jectron's lasting retention will give you release from the countless hours of chair-time you now spend tediously correcting problems of occlusion and retention . . . And the Jectron denture as constructed by the qualified craftsmen of your Jectron laboratory, will help you to build your reputation for denture excellence through an ever-increasing number of comfortable enthusiastic patients.

# THE MARCH OF ETHICS

## A salute to the profession we serve on its Golden Anniversary

We cannot think of a more appropriate time to launch our special series, *The March of Ethics*, than now when the historic A.D.A. Centennial Convention is about to be held.

Despite the many pitfalls that history has placed in the path of the profession, the sum total of The American Dental Association's first hundred years is one of remarkable accomplishment. Today the profession of dentistry enjoys the status it so richly deserves. Great strides have also been made in dentist-laboratory relations. The profession and the ethical dental laboratories have an excellent understanding of each other's responsibilities, and they stand for a common objective in improving ethical practices.

*We, the undersigned, pledge to maintain and, where necessary, strive to improve the standard of dental laboratory ethics, and to support the profession in their stand against malpractices.*

Yes...patients *do* desire a duration of anesthesia that keeps them comfortable while you do your unhurried, meticulous job...but then doesn't linger unnecessarily long after you've dismissed them.

In fact, isn't that *precisely* the type of duration you, too, desire? Not so short that you have an agitated patient requiring reinjection...not so long that you have a patient disgruntled by protracted paraesthesia.

That's the duration you get with RAVOCAINE HCl 0.4% and NOVOCAIN 2% with NEO-COBEFRIN 1:20,000 and, of course, you also get these other fine features for which this solution is acclaimed:

# *Nobilium*

The finest in 1959

*Partial* denture construction has come a long way in a hundred years. "The finest" cases in 1859 (restoring from 1 to 13 teeth!) were "efficient and useful substitutes for natural teeth." Some "practical examples" are shown at the top of the page... Some of the problems (which, of course, had not at that time been solved) were the heavy weight of the swaged gold, the bulk and rigidity of

clasps, accurate adaptation, cleanliness, comfort and esthetics...

Today, Nobilium partials provide all of the qualities that please patients, assure functional perfection, ease of mastication, real oral comfort, life-like appearance—in other words complete *mouth happiness*. Nobilium research, constant progress in developing and improving equipment, materials and techniques plus experience and skill can be depended upon for "the finest possible partials" today... and in the future. ### **Ethics Committee**

Orville C. Larsen, Assistant Editor

**F**or the benefit of those members of the Chicago Dental Society who may be called upon at some time to serve on one of the major committees within the Society, in the next few months we are going to tell you something about these committees. Remember—it may be *you* who will be asked, for example, to take your place on the Ethics Committee of the Chicago Dental Society. This will give you some idea of how this group—one of the most important committees in the Society—operates.

The Ethics Committee is composed of eleven members. Three of these members form the downtown commission, one of whom is Chairman of the committee. The Ethics Chairman of each of the eight branches of the Society make up the balance of the committee, along with Miss Amy Nelson, our Secretary, from the Central Office. Meetings are usually held the second Wednesday of each month except February, July and August, at 1:30 in the afternoon, and attendance

is normally 100 per cent. After the meeting has been called to order and the minutes of the preceding meeting have been read, applications for membership in the Society are discussed by the Branch chairmen. If all is favorable, he moves the applicant be accepted for membership and the entire committee casts its vote.

Before any applicant is voted on, a preliminary investigation takes place. First of all, the applicant's name appears in the **FORTNIGHTLY REVIEW** so that any member of the Society having information that might affect his membership can communicate, in writing, with the Chairman of the Ethics Committee. If no unfavorable information is forthcoming, the Branch Ethics chairman for this particular applicant will make a personal visit to his office, observing such things as the sign on the office door and window, his business stationery, and anything else that comes under the Code of

## **C. V. MOSBY PUBLISHERS OF BOOK REVIEWED LAST ISSUE**

Our August 15th issue contained a review of the book, "Pathologic Physiology or Oral Disease," by Doctors Tiecke, Stuteville and Calandra; reviewed by Dr. Robert Kreiner.

The C. V. Mosby Company, well known to many of our members as long-time Midwinter Meeting exhibitors, are the publishers of this fine book. Through error this fact was not included in the printing of the review, for which omission we are indeed sorry.

## **CHICAGO ACADEMY OF DENTAL PSYCHOSOMATICS MEETING**

Our August 15th issue carried the date of the first fall meeting of the Chicago Academy of Dental Psychosomatics as October 8. The correct date is Friday, October 9th—Conrad Hilton Hotel, Dining Room 2.

## **DENTAL CARE PLAN LAUNCHED FOR DENTISTS' SUPPLY COMPANY EMPLOYEES**

An experimental group dental care plan has been launched by the Dentists' Supply Company, York, Pa. and the Continental Casualty Company of Chicago which will give comprehensive dental care to 3,500 employees and dependents. Under the plan each patient selects his or her own dentist and the Dentists' Supply Company will assume full responsibility for the cost of the program, estimated at \$500,000. The plan was formulated with the advice and assistance of the Council on Dental Health of the American Dental Association. It was stressed that the plan is experimental and after a three-year trial run, if successful, may be carried by other insurance companies.

## **THANKS TO THE ILLINOIS LABORATORY ASSOCIATION**

In a recent editorial the appreciation of the Society was expressed to the members of the Society who labored tirelessly on the several legislative matters which affected dentistry and because of other matters touched on we hesitated to say anything about the very fine cooperation given by the Illinois Dental Laboratory Association and its members in supporting the several amendments to the Dental Practice Act and in combating the Denturist Bill. We as a Society are most grateful for their very fine efforts and cooperation. These thanks are also extended to all laboratory men who helped. Again, our sincere appreciation!

## **HATS OFF TO THE AMERICAN DENTAL TRADES ASSOCIATION**

We would like to publicly acknowledge the tremendous service the American Dental Trade Association has rendered in printing and mailing to each dental school and to each senior dental student requesting a copy, the entire panel discussion, "The Profession You are About to Enter," which took place at this year's Midwinter Meeting. The panel discussion was presented on Sunday afternoon of the Meeting with Dr. Harry Lyons, Dean of Dentistry, Medical College of Virginia and past-President of the American Dental Association, as moderator. The printed copy covers all material presented and includes the prize-winning student essay.

Over 5,000 copies were printed and distributed with all expenses assumed by the American Dental Trades Association. This is another outstanding example of the fine spirit of cooperation and excellent dentist-trade relations which are ours as a profession. To the young men on the threshold of a great career has been

given insight, a better understanding of what lies ahead in the way of problems and aids in their solution, and the inspiration of two young people who have expressed most admirably their hopes and aspirations as a dentist and a dentist's helpmate.

We are truly grateful for this unselfish service to our profession and thank all who made it possible.

## ETHICS CODE VIOLATIONS

Dr. Robert C. Kent, 723 Ridge Road, Wilmette, was placed on probation for six months March 19, 1959, for insertion of an article with pictures of his office in *The Wilmette Life* of January 29, 1959. This is a violation of the Code of Ethics under Advertising, Sec. 2, Interpretation (4) "It shall be considered unethical for a member of this Society to circularize the public by card, poster, handbill, telegraph, telephone, radio, television or newspaper, etc., or any kind of printed or written matter, or any device, that is obviously a solicitation for patronage and a subterfuge for advertising."

Dr. Gilbert Pape, 337 E. 107th Street, was censured and placed on probation for six months April 21, 1959, for insertion of a removal notice in *The Index* of November 19, 1958. This is a violation of the Code of Ethics under Advertising, Sec. 2.

Dr. J. Earl Harris, 1957 East 71st Street, was expelled for violation of the Code of Ethics of the Society consisting

of (1) Violation of Sec. 1 of the Code of Ethics—General Department; and (2) Violation of Sec. 2: "It shall be considered unethical for any member of this Society to issue, or cause to be issued, by interview or otherwise, any statement to the press or other non-dental publication, unless such member shall have received the authorization of the Ethics Committee of this Society."

## PARTIAL DENTURE COURSE

Use of a clasp surveyor is a fundamental step to success in providing a good partial denture service.

Members of the Chicago Dental Society are invited to enroll in an evening course which will be devoted to the use of the surveyor. The course will be presented in one of the laboratories of Northwestern University Dental School. It will consist of a 3-hour, Tuesday evening session, starting promptly at 7:00

## Northwest Side

Sitting in your own back yard on a warm summer evening, wondering whether to write this column or to take a dip in the pool, presents a problem of the first magnitude. Summer is rapidly drawing to a close but somehow or other it's difficult to eliminate the desire to plant a few more seeds here and there—and we don't mean wild oats, fellows, because that would necessitate praying for a crop failure. All of the relatives, in-laws and outlaws have gone back home and here you are alone enjoying your favorite chair, your own bed, and free access to the powder room at any hour.—Well let's get out of this dream world and plunge into the news and take the dip later. . . . Ray Rux spent the weekend of Aug. 14th to 16 with terminology relating to perforate, imperforate, vertical and horizontal coil overprint and surcharge, etc. In other words he attended a meeting of the Society of Philatelists of America in Cincinnati. . . . A. H. Tamarin has an article on page 317 of the August issue of the *ADA Journal*. An article he had published in March has been republished in the *Journal of Technic* in Switzerland. His article on the Circumferential Veneer Crown published in the *Journal of Prosthetic Dentistry* will be published in the *Zahnartzliche Welt* in Heidelberg, Germany. He will give a table clinic at the ADA meeting in New York entitled "Anterior and Posterior Acrylic Veneer Crowns without Peripheral Undercuts." Abe is a mighty busy boy and hopes he'll be around to attend the second Centennial of the ADA. . . . Cas Rogalski is vacationing in Quebec visiting his son and daughter. Cas's nephew, Stan Sierocinski, is one of our newest members. . . . Tad Olechowski's son, Gregory, is getting married the 22nd of Aug. . . . Jack Applebaum's daughter, Myrna, became engaged recently to a U. of Illinois med student. Myrna will

graduate from Roosevelt University in Sept. and she will attend the U. of Illinois at the Medical center working for her MA degree in social service. . . . May we offer a class "A" to the M. V. Kaminski family? A class "A" is a rhythmic type of applause offered to someone who in the eyes of Boy Scouting has attained the zenith in any field of accomplishment. Mitch's son, Michael, graduated from Holy Trinity high school with honors. He is national president of Young Christian Students and intends to enroll at St. Joseph's College, Rensselaer, Ind., in pursuit of an MD degree. In the past fifty years Holy Trinity high has awarded about six plaques to outstanding alumni. This year, after a lapse of seven years, the award was given to Dr. M. V. Kaminski. Need we say more? . . . There is a new recording on the market entitled "Sunday School March"; on the flip side it's "Don't Let Me Fall Asleep in Church." It's on a Signature label and is being featured by Howard Miller and Bill Anson. The stars are a group called the Sunbeams consisting of five boys and two girls. One of the boys is Lee Roy Kaminski, younger son of Dr. Kaminski. Two of the other boys are James Maher and John Dzialo who are members of my scout troop No. 61. These boys appeared in last year's Boy Scout Gang show which will again be presented this fall. Don't miss this show—it's a wonderful evening's entertainment and don't fail to purchase a few copies of Lee Roy's recording. Let's hope the Kaminski's can get that gold record, well at least an amalgam record. The Sunbeams are planning an album of Children's Spirituals. We'll keep you posted when it's released. . . . A special request from the administration suggests that you mail your checks for \$15.00 for dinner tickets to Dr. Joe Ullis, 2965 N. Milwaukee Ave. It is almost beyond our fondest expectations, but projecting advance ticket sales it almost appears that season dinner

reservations this current year may be oversubscribed. Get your checks in fast, fellows, or you may be squeezed out. . . . Well it's getting a little late and maybe the water's a little too cold now so we'd better save the dip for another warm evening, if there'll be another one.—

## Englewood

No September Meeting! Too much Labor Day, late vacation endings, and preparations for attendance at the A.D.A. Meeting in New York, September 14 to 18. Look out for that October branch meeting, however. . . . Belated best wishes to Englewood's own, Ray Dziubski, who became president, Francis Pelka, vice-president and Chester Bochenek, treasurer of the Dental Arts Club. . . . Henry Mathews and family had an enjoyable historical trip to the east, visiting Gettysburg, Mt. Vernon, Williamsburg, and Washington, D. C. Dean Henry is now an authority on Colonial history, but is sold on the more modern turnpikes thru Indiana, Ohio and Pa. The Senate session in Washington which he attended convinced H. J. that spending money is an art. . . . Larry Michet is starting to practice pacing for the "expectant fathers" room for Sept. . . . Helping Larry is John Sheehan, who is expecting offspring number two during the last week in Aug. . . . Ed (the "time" fisherman) Werre says: "There are 35 million

fishermen in America and yet the Communists are able to out-lie us". . . . John Simkus is going to give his last daughter, Juanita, away in marriage this month. Already a busy grandfather, John is looking for more to do now, apparently. . . . Busy Paul Kanchier was given another job this month—professional baby sitter for his granddaughter, when his son-in-law was called up to the Medical Corps. . . . Bob Unger has been appointed to the program committee, and Dick Davido was named to the clinic division of next year's Illinois State Dental Society Meeting in Rockford. It isn't too early to mark your calendar now for May 11-13, 1960. . . . Richard Davido is going to speak before the Southside Dental Assistants in October. . . . A word to the wise, watch out for Mitchell Klabbach if he wants to play golf. At a recent golf outing he not only shot an 81, but also won the blind bogie and a good share of the spoils at the 19th hole. . . . Joe Ruzic and family had an enjoyable vacation through New York and the New England states. . . . All the above was strictly from Unger—Robert, that is. Thanks, Bob, for a big lift during a hot summer. . . . President Joe Plewa leads quite a group from Englewood to attend the A.D.A. Centennial Meeting in New York. Known to be going are Lew Weil, Sam Rabishaw, Ted Vermeulen, John Lace, Lou Horevitz, Tom Starshak, Ernie Goldhorn, Vin Milas, Gene Jaffe, Wally Miller, and probably others. . . . Wally Miller's daughter, Mrs. Arileen Steele, suffered a severe injury in a toll road accident early in July. She is still confined to St. Francis Hospital, but is coming along fine now, we're glad to report. Wally has been spending his spare time at his Long Beach, Indiana, home. *Shown here is the "Reverse Pin" construction. Note the small parallel holes drilled in the porcelain teeth—and the unyielding gold backing beveled at the incisal.*

## **REVERSE PIN PORCELAIN FACING GOLD BRIDGES**

*The completed Reverse Pin Porcelain Facing Gold Bridge using Swissdent teeth. Here, indeed, is the ultimate in bridgework.*

**A new concept in the quality of bridgework.** Esthetics of the highest order, a new precision type of mechanical retention, and dependable strength make the Reverse Pin Porcelain Facing Gold Bridge the ultimate in bridgework. *You select* the denture teeth of your choice: Swissdent, Bioform, New Hue, Myerson, etc., and prescribe the mold and shade, and we use your exact specifications in constructing the fixed partial restoration.

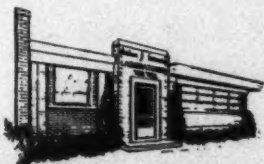

Breakage is practically nil because the incisal edges are protected with a beveled backing. Retention is lasting. No metal is displayed.

Only Schroeder in the Chicago area has the equipment, the skill and the experience to provide this exclusive service for you and your discriminating patients.

offices will be closed from Aug. 10th for two weeks ostensibly for cleaning and decorating, which forces Ralph to stay up at his Spring Lake, Mich. home for that time. . . . Harry and Mrs. Kazen returned from a month's cruise on their ship the "Alaise" in Canadian waters and spirits. . . . The committee appointed has formulated a constitution for Englewood Branch. Henry Mathews will have it ready for presentation at the Oct. meeting. . . . Ray and Vivian Gates spent time dude-ranching in Colo., also some mountain climbing, plenty of looking—mountains and horses—and trout fishing. . . . Sorry to hear of Ray Watkins closing his office at 79th, but the one at Wonder Lake, Ill. is now taking all his time. . . . See where Continental Casualty will initiate a comprehensive insurance plan of dental care for an Eastern dental supply firm, a 3-year trial run. . . . With deep regret we mention the passing of Englewood member, Harry E. Waalkes on August 5. We remember his kindness toward the students when he was on the Northwestern Dental School faculty, many years ago, and the continuance of that attitude toward everyone down thru the years. We have lost a good man. . . . Loyola C.C.D.S. Dental Alumni Association annual golf outing will take place at the Midwest Country Club, 35th and Cass Ave., Hinsdale, September 23rd. For a relaxing fun day, make your reservation by writing to the Golf Chairman,

## Kenwood-Hyde Park

I have been asked to mention in this column that the Loyola C.C.D.S. Alumni will hold its annual golf outing at the Midwest Country Club (Hinsdale) on Wednesday, September 23. All you loyal Loyola alumni in Kenwood-Hyde Park make your reservations by writing the Golf Chairman c/o the Dental School, 1757 W. Harrison St., Chicago. . . . Congratulations to Elmer Ebert whose son Donn was recently married, and our very best wishes to the newlyweds. . . . Harry Hartley has been fishing at Pickerel Lake, Wis., and catching some big ones. . . . Warren Lutton has been fishing for two weeks at Rhinelander and catching very little ones. He saw lots of big muskie but couldn't lure them onto his hook. . . . Bob Wells' farm was chosen as one of the centennial farms in the state of Michigan (it has been in the family over 100 years—nearly as old as Robert). . . . Speaking of "old timers" I talked to my fine friend Mort Isay, and he was positively lyrical describing the wonderful European trip he took recently—but he was strangely reticent to speak of his glorious evening with Brigitte. . . . note telling in more detail about the archaeological and anthropological expedition to Iran. Al has been invited by the Oriental Institute to spend next year with this group and study Neolithic and Paleolithic dentition specimens in the museums of Europe, then to the Middle East to study living dentitions in Cairo, Baghdad, Beirut, and Amman. This sounds like a fascinating trip and I know Al will contribute to the study and literature in an excellent manner as he has done in the past. . . . Joe Wiener is going to Mexico again, but now complaining about how prices have gone up—Joe, they must have heard about your investment portfolio. . . . Joe Goodman is doing that now popular vacation routine, driving around Lake Michigan, and stopping at the scenic spots along the way. . . . Just heard that Manny Katz fell and injured his arm rather badly. I'm not sure Manny is still a member of this Branch, but I am sure he still has many good friends around here, and we all send him a "hello" and "get well soon." . . . Congratulations to Vic Wittert who recently won first prize at the South Shore Toastmaster's Club annual contest for the best speech. Man, can he talk good! . . . We have another dentist who "after 31 years in practice would take the time and effort to take and pass a State Board in another state." Roy Eberle did it on a dare in 1944, he passed the California Board which was and still is a real feat, the first time, and claims he only really studied one subject—*anatomy*—and that just on the train carrying him into California. . . . Walt and Kathryn Dundon sort of sneaked away for a quiet time and another honeymoon. They checked in at Niagara Falls, were there about 20 minutes, when a delegation from the Canadian Dental Society burst in on them, to honor, wine and dine them during their vacation stay. So, as usual, they had very little time for themselves, but knowing Walt and Kathryn as we all do, they are on a perpetual honeymoon and, we all hope, will be for many many more years to come. . . . Bill DeLarye has final-

ly broken down and is at last taking his family with him on a fishing trip to Minn. What will probably happen, is that his kids will catch bigger fish than he, and he'll never take them again. . . . One last political note. Our still handsome, bald-headed boy, Graham Davies is running for alderman in his ward in Michiana. He is sure to be elected if the ladies get out and vote, and this may be the start of a new career for Graham. . . . Please send any news for the next issue to Bob Kreiner, who has so graciously consented to take over while I am on vacation.—Stanley R. Korf, Branch Correspondent.

## North Side

Who says dentists work hard! At this writing, as during the last one, most everyone is still vacationing. Ed Benson reports that Carl Shoemaker is in Tomahawk, Wisconsin and is having a very successful trip so far. Jerome Champagne was in New York for a few days. Marv Ericson just came back from his summer place at Black River Harbor, Lake Superior. He returned by way of the east side of Lake Michigan crossing the bridge. Jack Ginsberg is going to New York in September for the ADA meeting. We'll see you there, Jack, and so will about 25 other N. S. members. Francis Joseph just got back from a 5½ week trip through Europe and Israel with his wife and son Robert. We are going to have a lot of "big fish that got away" stories this year. Alexander Pera is on a fishing trip in Michigan. Roland Weber reports that Harry Glass is on a fishing trip in Canada and that Bob Pond just got back from a fishing trip. Stan Goldberg can't seem to get away from his children. He spent his vacation visiting the kids at camp. Why don't you let them have a rest, Dad? . . . We were very sorry to hear that Manny Frazin's mother passed away. Please accept our condolences. . . . Joe Krohn, we called you back as you asked. You can't give us the slip. Be prepared for a call any day

now. . . . One of our boys, whose California license has been collecting dust for the last few years, is seriously thinking of giving up his practice on the North Side to take it easier on the West Coast. Anyone interested in a busy and lucrative practice, call me for particulars. . . . We called the following men and they had no news to report, (no news is often good news): Frank Blair, Walter Davis, M. P. Fisher, Oliver Hatcher, Charles James, Harry Lasker, Arthur Roe, F. B. Valentine, Joseph Weiss, R. G. Walser, Henry Ishibashi and Andrew Kambara. Aubrey Lauterstein gave us an interesting flash. Khrushchev is coming to America. . . . The best of luck to Al Harris in his new office at 55 E. Washington. . . . Joel Arnold's son, Jeff, is playing in the band at the Pan American games. What a way to get in free! Can he take guests? . . . Does anyone know the whereabouts of David Alban? He wasn't around when we called. . . . Hank and Pat Parkin are now the proud owners of a celebrity. It turns out that their new little pup that was shipped air freight from the West Coast a few weeks ago, has as its father Ann Sheridan's miniature poodle and its mother belongs to Bernard Jurist, who was a former N. S. Branch member. The purchase was made before the pups were born while the Parkins were in L. A. . . . Technique of the Half-Month: Ever need an acrylic facing real quickly? We now have a celluloid device with different indented teeth. We just put the quick cure tooth shade acrylic into the celluloid

mold and 6 minutes later we have a highly glossed facing of the exact size and shape that we want.—William Semiloff, Branch Correspondent.

## North Suburban

Most all members are away making the news during this latter August fortnight. . . . It has been requested by the office "downtown" that only gems which are neither "extremely personal" nor "derogatory" be proffered for print on these pages. Flashes from this membership obviously, then, are curtailed some 75%. Sorry! . . . To begin on a high plane—the Loyola C.C.D.S. Alumni Golf Dinner (\$750.00 prizes, etc.) affair is to be offered 23 September at Midwest C. C., 35th & Cass Ave., Hinsdale—practically in North Suburban's back yard. . . . Emmons and Mrs. Coe returned recently from a most enjoyable tour of the "farthest out" of our states—true "Kookie Land"—Hawaii. It is, he says, "the most," and is inhabited, strictly, by "cool heads," the Duke heading the group! . . . We also read of the recent bovine prosthodontia and foresee that six months' prophylaxis recall when the hygienist, without a doubt, will initiate the warm-up conversation with—"Well, How Now — ?" . . . Randall Wescott is enjoying his one-day-a-week at N.U.D.S. in the department of periodontia. His buddy, Jim Best, is available as a sitter for no less than four youngsters at a time, while

Special Meeting: Tuesday, September 29th, at Riverside Country Club. Topic will be "Illegal Laboratories." Speakers will be John R. Porter, attorney for Illinois State Dental Society; Edgar Stephens, program director of Joint Commission on Legislation and Law Enforcement, Illinois Dental Society; Dr. Robert Pollock, Chairman of Commission on Legislation and Law Enforcement of Illi-nois Dental Society; and Dr. Robert Humphrey, Secretary of Board of Dental Examiners. Fellowship hour at six o'clock. Dinner will be five dollars. We urge all of you to attend. You can get a good accounting of what your society is doing and also what is expected of you and what can be done for the future. Even though the bill was killed this year, these charlatans will not rest as long as there are some legislators who can be swayed with greenbacks. Speaking of legislators, have you thanked your respective Rep-resentatives for their honest and wise decision in our behalf? Remember, this

is a special meeting and not one of our regular monthly meetings. You will be given further information by mail. See you on the 29th of September. . . . Joe Voita is going to Montreal, Canada and his daughter will be going to Europe to work as a nurse. . . . Ray Fanning is fish-ing in Anchorage, Alaska. . . . Condo-lences to Jack Ehrlich on the loss of his father. . . . Orchids to Dr. and Mrs. Braun on their twenty-fifth wedding an-niversary. . . . George Barnes and Foster Robeson on their annual fishing trip to Bemidji, Minnesota. Thanks for the Paul Bunyan card. My boys just love it. . . . Oliver Johnson and family off to Lake Geneva on weekends. . . . Herman Roe having his office redecorated. Maybe the wallpaper will stay on now, Herman. . . . Charley Hebtung purchased a site in Niles, Illinois for the construction of a new home. Good luck, Charley. . . . Marv Blechman and yours truly enjoyed a round of golf at Cog Hill. Ask Marv about the 8th hole? . . . Loyola C.C.D.S. Alumni will hold its annual golf outing and dinner at Midwest Country Club, 35th and Cass Avenue, Hinsdale, on Wednesday, September 23. West Sub-urban Loyolans and their friends are cordially invited. . . . "Perry Dontist" borrowed a quote from Oliver Wendell Holmes, Jr., and states that "Knowledge and timber shouldn't be much used until they are seasoned." Thanks "Perry" may-be you will have something for us next issue. So long.—*D. J. Catrambone, Branch Correspondent.*

Ethics. If there are any infractions of the code the applicant will be so informed. I might add, here, that with this in mind last year the Committee selected three men to appear before the senior classes of the three dental schools in Chicago to explain what and what not to do when opening a dental office in Metropolitan Chicago.

Now we come to the matter of complaints regarding members of the Society. All complaints must be in writing and signed by the complainant. This complaint is read by the Committee Chairman at a meeting, and the Ethics Chairman of the Branch in which the accused is a member requests the Secretary to write a letter advising the time the hearing is to take place at a Committee meeting. Not less than 30 days is required for notification. At the hearing the accused states his case and is given every opportunity to explain his situation in detail. He is questioned by the Chairman and Committee and is shown every courtesy at all times. When there is no further discussion a vote is cast by the committee. Let me point out that the Committee has no power to make a final decision one way or another. It merely suggests to the Board of Directors of the Society before whom the matter is then taken, and the Board of Directors makes the final decision.

Many of these cases are most difficult to judge. As you can readily imagine, this committee performs a service that is often thankless and unpleasant, and the men serving on it deserve plenty of credit. The Chairman alone, often travels as many as seventy-five miles in one month. All of these complaints have to be investigated by someone on the Committee. Here is something we can all do to give them a hand:

Be familiar with the Code of Ethics so there will be no necessity for being called before the Board.

If you are ever in doubt, call the Central Office for advice.

Follow the Golden Rule.

# HELP US KEEP THE THINGS WORTH KEEPING

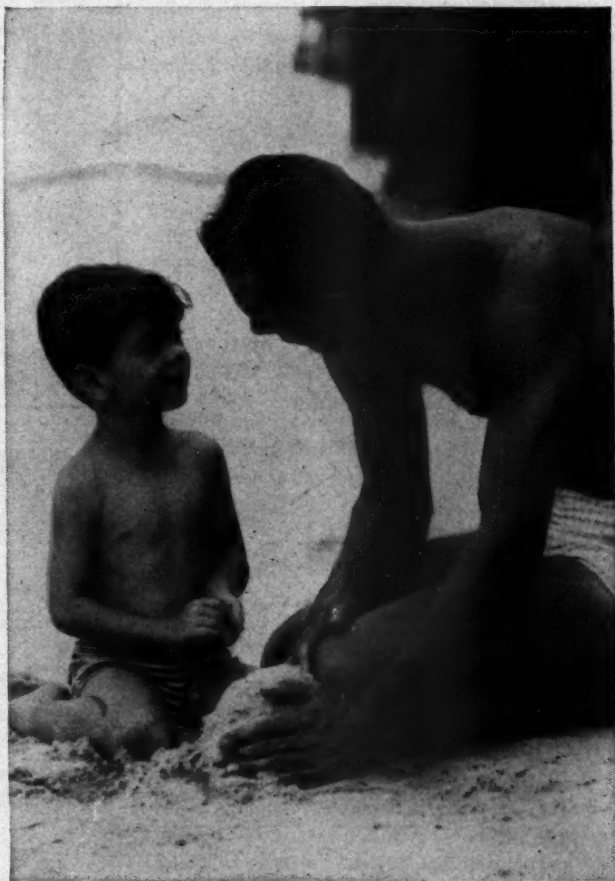

You'd give him the world, if you could. A free and happy world to learn in. A world of peace, where he can grow up, free of fear.

But peace takes more than *wanting*, these days. It takes a lot of doing, too. And peace costs money.

Money for strength to keep the peace. Money for science and education to help make peace lasting. And money saved by individuals, to keep our economy sound.

You can do something about this. Every U.S. Savings Bond you buy helps provide money for America's Peace Power—to help us keep the things worth keeping.

Why not buy a few extra, in the months to come?
